Linda's Studio is open to visit all year, she has worked as a full time artist and tutor for 12 years. Her work is in private collections worldwide, she has exhibited at the Designer & Artists Copyright Society in London.

Inspired by everything around her, she prefers the freedom of painting from life, en plein air, in the countryside of Norfolk, France and Italy. As it evolves her work it is looser in style and brighter in colour.

Linda will undertake commissions for private and commercial clients working on exclusive site-specific designs for brochures, stationery and gifts.
